Written
Testimony

I strongly support Bill 1 of the Koolauloa Sustainable Communities plan to permanently DELETE any proposed housing developments at Malaekahana. Aside from our traffic being heavily burdened, our one road going in and out of north shore has 6, yes 6, stops and contraflows due to highway maintenance. We do Not Have a Sustainable traffic plan, our area is already suffering from overpopulation of tourists, and too many foreigners buying up properties, which drive up our housing taxes and values, just to rent them out anyway on airbnb. Housing developments won't be affordable enough for our local people to even afford houses, and more foreigners will buy housing this permanently pushing locals out of our own community.
